

PASSWORD INFO

You do not need a password to register. On the *check-out* page, it will try to ‘trick’ you into thinking you need one by pre-filling the password field for you, rejecting that password, and then telling you to create another password. Just **clear that box** if you don’t want to create a password.

Show Password

If you choose **not** to create a password, please note that you must keep your confirmation e-mail as it will contain a link to access your registration.

Remove the ‘dots’ in the password box.
